

Product: **M.G.V. C3 5W/30**

Description: Synthetic lubricant formulated for the Euro 4 engines of the main motor vehicle manufactures. In particular it complies with the specifications required by the BMW and Mercedes engines of latest generation. The use of additives with low ash content (Low Saps) prevents antiparticulate filters (FAP) from clogging, avoiding both the increase in fuel consumption and the premature replacement of the DPF group.
